

How to Get Involved

1) Become a member

www.saskatooncycles.org

2) Attend our meetings

Invitations are sent to all members via e-mail and Facebook. Everyone welcome.

3) Volunteer

Volunteers are the heart of Saskatoon Cycles. Opportunities include:

- Ⓜ Board of Directors (meet monthly)
- Ⓜ Outreach (building political support)
- Ⓜ Cycling Celebration Events (Conferences, Fundraising)

- Ⓜ Invited Speakers (national & international experts on cycling)
- Ⓜ Bike Valet (help at summer festivals)

4) Voice your views

Please tell your city councillor how you feel about bike lanes, active transportation and traffic safety. Contact them through www.saskatoon.ca

If you'd rather stay in the background but have views on cycling, let us know via our website or Facebook page.

New members can sign up by using this form and dropping it off at the Bike Valet or mailing it to the address below.

First, please review our vision on this pamphlet and make sure you agree.

Who Are We?

Saskatoon Cycles is a vibrant bicycle advocacy group that was founded in April 2010.

Saskatoon Cycles is helping to make cycling a year-round transport option, safe and convenient for all ages.

Our members are recreational, commuting, utility and sport cyclists, pedestrians and motorists – anyone who agrees Saskatoon would be a better place if we had better bikeways.

Our Vision

We see a Saskatoon with:

1. A safe and convenient cycling network throughout the city;
2. Residents of all ages who feel safe and welcome to cycle year-round;
3. Respect and tolerance shown by all road users;
4. City planning processes in which cycling is built into all aspects of the planning process;
5. A fair balance between all transportation modes in our policies and in our streets;
6. Everyone becoming more efficient in moving through the city;
7. A strong cycling culture helping make the city healthy, creative, and prosperous.

Our Priority

We are working to build a connected cycling network throughout Saskatoon. Depending on the street, solutions might be bike boulevards, physically separated lanes, improved signage, education programs, and the like.

Cycling Benefits

- Ⓞ Cycling is fun and healthy for people of all ages and physical fitness;
- Ⓞ Cycling is an efficient way to make short or longer trips;
- Ⓞ Bicycles take up less space, easing congestion and parking;
- Ⓞ Bikeways are less expensive to build than motorways, saving taxpayer money;
- Ⓞ Cycling improves the mobility of people without cars or good transit connections;
- Ⓞ Greater cycling access to shopping areas can increase retail sales.
